Education	<i>Bachelor of Science</i> Shanghai Jiao Tong University, China Concentration: Computer Science Member of ACM Class, which is an elite CS program for top 5% talented students. <i>GPA(Last Semester) : 4.06/4.3</i> <i>Ranking(Last Semester) : 1/41</i> <i>Ranking(Total) : 6/41</i>	<i>Sept 2016 ~ Present</i>
------------------	--	----------------------------

Research Interests	Deep Learning & Reinforcement Learning
---------------------------	--

Research Experience	<i>SJTU SpeechLab</i> Shanghai Jiao Tong University Undergraduate Researcher Advised by Prof.Kai Yu.	<i>July 2018 ~ Present</i>
----------------------------	--	----------------------------

Major Related Experiences	Professor Wu in Institute of Math and Sciences SJTU 31st PRP Project <ul style="list-style-type: none">• Using MCS algorithm to judge whether a graph is chordal• Using Bitset to accelerate the efficiency of the judgement for the property of vertex decomposable in a Boolean Graph	2016.12 ~ 2017.09
----------------------------------	--	-------------------

Teaching Experiences	ACM-ICPC Regional Contest Shanghai Jiao Tong University Cocoach Chinese Collegiate Programming Contest Shanghai Jiao Tong University Cocoach	<i>Spring 2018 ~ Autumn 2018</i> <i>Spring 2018 ~ Autumn 2018</i>
-----------------------------	---	--

**Honors
and
Awards**

Liao Kaiyuan Scholarship Shanghai Jiao Tong University	2017
Zhiyuan Honorary Scholarship Shanghai Jiao Tong University	2016 & 2017
Codechef Snackdown 2017 International Programming Contest Finalist	2017
ACM-ICPC Regional Contest Qingdao Site Gold Medal	2017
Chinese Collegiate Programming Contest Gold Medal	2017
